

Tiling p3m1 or M3

| | |
|--------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
|  <p>Take a triangular piece of paper (equilateral).</p> |  <p>Draw a simple curve starting in 1 and going to 2.</p> |
|  <p>Draw a simple curve starting in 2 and going to 3.</p> |  <p>This is your pattern for this tiling group.</p> |

We fulfill the plane by using symmetries with axis the sides of the equilateral triangle:
