

Tiling p4 ou R4

 <p>Take a square piece of paper.</p>	 <p>Draw a simple curve starting in 1 and going to 2.</p>	 <p>Cut along the curve and glue after a rotation of 90° with center in the point 1.</p>
 <p>Draw a simple curve starting in 2 and going to 3.</p>	 <p>Cut along the curve and glue after a rotation of 120° with center in the point 3.</p>	 <p>This is your pattern for this tiling group.</p>

We fulfill the plane by using rotations of angles 90° , 180° , 270° and translations:
