

One year post-doctoral position at  
Universite of Grenoble (France) starting  
September/October 2014, supported by  
European Research Council (ERC)

- Institution: Université de Grenoble (France)
- Department : Institut Fourier <http://www-fourier.ujf-grenoble.fr/>
- Contact: Professor Gérard Besson
- Employer Type : Academic
- Position Type : Post-Doctorate
- Subject Area : Mathematics
- Geographic Location : Grenoble, France
- Position Description : 12 months Post-doctoral position
- Teaching load : none
- Salary: about 30 000 Euros net salary per year

**Please read carefully the text below**

Applicants should be working in the following areas: geometry, geometric flows, low dimensional topology. An interest in the study of the geometry of open 3-manifolds will be appreciated. The postdoc will devote most of his time to research, and will participate to the department activities. Teaching a graduate course may be asked to the postdoc. In addition to his salary, the post-doc will be eligible for additional travel and equipment funding from the grant resources. Finally, French language courses may be provided to the post-doctoral fellow if necessary.

A short web page of the grant is available at  
<http://gerardbesson.wordpress.com/erc-advanced-grant-geometry-and-topology-of-open-manifolds-getom/>

Applicants are expected to have graduated with a Ph.D. or equivalent doctoral program by the end of August 2014. Applicants who have graduated before September 2010 are not eligible.

For further information, please contact one of the two persons below:

- Geraldine Rahal at [Geraldine.Rahal@ujf-grenoble.fr](mailto:Geraldine.Rahal@ujf-grenoble.fr)
- Gerard Besson at [G.Besson@ujf-grenoble.fr](mailto:G.Besson@ujf-grenoble.fr)

Your application should contain:

1. a vitae containing basic data including your birthdate, your citizen-ship, and present country of residence
2. a list of publications together with the links to the publications
3. a cover letter explaining why you would like to visit Grenoble, and why you think your application should be considered for this specific position
4. a short (2/3 pages) description of your past research
5. a short (2/3 pages) research project
6. one letter of recommendation

The above items should be sent by e-mail with GETOM in the subject line to the two addresses : [Geraldine.Rahal@ujf-grenoble.fr](mailto:Geraldine.Rahal@ujf-grenoble.fr), [G.Besson@ujf-grenoble.fr](mailto:G.Besson@ujf-grenoble.fr).

Your application should be received at the latest on June 27th 2014. The candidates will be informed as soon as possible.
